

DIETITIAN

DEPARTMENT:	Diabetes Education Network
REPORTS TO:	Manager, Patient Care & Quality/Risk Mgmt
STATUS:	12-month Full-time Contract
SHIFT:	Days
COMPENSATION:	\$ 24.54/hr - \$34.69/hr
UNION:	S.E.I.U.
AVAILABLE TO:	Internal and External Candidates
DATE POSTED:	December 7, 2009

POSITION DESCRIPTION:

The Diabetes Education Network (DEN) is a team consisting of one Dietitian, two Registered Nurses and Clerical Support who work together with to help clients, their doctor and other health care members to manage their diabetes.

Within the team, the Dietitian is a specialist in nutrition as it relates to Diabetes, responsible for the nutrition care of clients and their families. Working in collaboration with a multidisciplinary team, the Dietitian will share expertise and knowledge of nutrition care with clients, as well as other health care professionals.

QUALIFICATIONS:

The successful candidate must possess the following:

- Registered Dietitian with the Ontario College of Dietitians.
- Current Certificate in Diabetes Education (CDE) Preferred.
- Two years' clinical experience in management of diabetes which includes a basic knowledge of all medical instruments/supplies used in the care of diabetes.
- Membership in Diabetes Education Section of Canadian Diabetes Association preferred.

The successful candidate will possess a passion for diabetes and have demonstrated excellent assessment, planning and organizational skills. Knowledge of the principles of teaching and a demonstrated ability to facilitate both individual and group educational sessions using the principles is essential. An ability to work effectively with patients, staff, physicians and the community is as important as the ability to work independently using imitative and good judgment. Excellent customer service skills, verbal and written communication skills and basic computer skills are imperative to success in this position.
