STRATEGIC AIM COALITIONS TO LEAD 2010-2013 IHSP

Health service providers are encouraged to visit the website and click on [Get Involved – Strategic Aim Coalitions](#). The LHIN is in the process of refreshing its current Framework for Community Engagement and this includes the creation of two Community Engagement structures called Strategic Aim Coalitions that align with the IHSP Strategic Aims.

The LHIN is looking for health leaders who are committed to improve integration and possess the necessary knowledge of the broader health care system to become members of an *Emergency Department Strategic Aim Coalition* and a *Vascular Health Strategic Aim Coalition*.

The deadline for the Expressions of Interest Forms has been extended to April 19th.

Watch for more information later this summer as the LHIN launches an Expression of Interest form for three new service Cluster Collaboratives which will replace the nine geographic Zone-based Collaboratives.
