

Central East LHIN Community Support Services and Supportive Housing Projects

“Come learn about what is happening AND offer your input on moving forward!”

**Tuesday, January 27th, 2009
9:30 a.m. – 3:30 p.m.
Whitby Mental Health Centre,
700 Gordon Street, Whitby, Ontario
Lecture Hall**

On behalf of the Central East LHIN's *Community Support Services (CSS) Review* and *Supportive Housing Project Teams*, we would like to invite you to a community engagement event on Tuesday, January 27th, 2009 at Whitby Mental Health Centre.

This forum, intended primarily for providers in the community support services and supportive housing sectors, will provide an opportunity for the respective Project Teams to highlight what has been achieved to date. More importantly, it will be an opportunity for dialogue with other community partners, as we together, shape the future of a high quality, sustainable health care system.

The event is open to Community Support Service providers, Supportive Housing service providers (including mental health supportive housing providers), the Central East Community Care Access Centre and related municipal sector representatives.

The event objectives include:

- Providing an update and receiving input/feedback on key issues impacting both projects;
- Signalling potential change while project recommendations are still in preliminary stages;
- Providing an opportunity to generate new ideas and solutions; and
- Providing an opportunity to continue to create a sense of community and to network.

After the event, participants will:

- Have a better understanding of activities to date within the two projects;
- Have a better understanding of the future direction being suggested by the projects;
- Have had an opportunity to share thoughts on the future direction of the projects; and
- Have had a chance to see and chat with “old and new” colleagues and friends.

The day's *DRAFT* agenda includes:
