

CENTRAL EAST LHIN STATEMENT regarding Lakeridge Health Bowmanville

QUOTE

March 25, 2009

“The Central East LHIN is aware of the community’s concerns regarding Lakeridge Health Bowmanville. We are also aware of the financial challenges which Lakeridge Health faces and are working with the leadership of the organization, its physicians, Ministry officials and local government leaders in developing solutions that ensure that ongoing, high quality emergency care is provided to the residents of Clarington,” says Deborah Hammons, CEO of the Central East LHIN.

“The development of these solutions requires the cooperation and commitment of all stakeholders involved and the coordination of human resources, including physician supply and coverage, across the entire Lakeridge Health system.”
