This annual event provides health service providers – governors, administrators, physicians, clinical leaders and front line staff – and patients/clients/consumers with the opportunity to share best practices on health system quality initiatives that directly impact the achievement of the LHIN’s Strategic Aims.

An exciting line up of keynote speakers, morning breakout sessions on “Navigating the Health Care System from the Patient/Caregiver Perspective” and afternoon “Coaching Circles” led by peer facilitators on a variety of important topics means this is an event that you don’t want to miss.
